

AI ACT(ING)

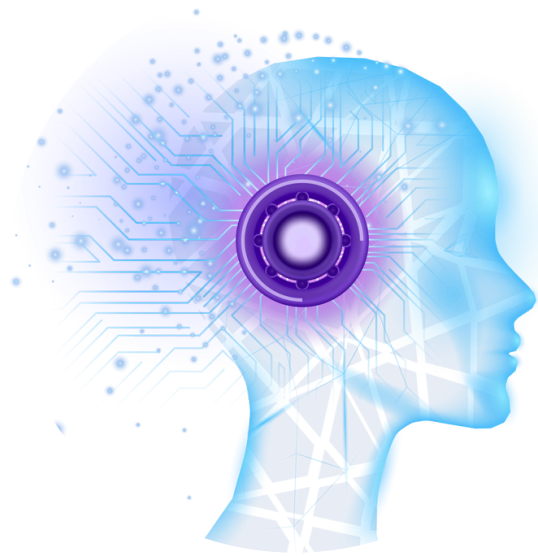

AI ACT(ING) IN ADULT EDUCATION

AI Act(ing)
in Adult Education

NEWSLETTER 1 | MARCH 2026

WELCOME TO AI ACT(ING)

We are thrilled to launch the first newsletter of AI Act(ing) in Adult Education, an Erasmus+ Cooperation Partnership co-funded by the European Union. Running from November 2025 to April 2028, our project brings together six partners from Austria, France, Greece, Spain, Ireland, and Belgium to tackle one of the most pressing challenges in adult education today: building AI literacy among educators.

WHAT WE WILL CREATE

Over 30 months, AI Act(ing) will produce key open-access resources for adult educators across Europe:

- **Needs Analysis Report** – "AI: Challenges and Needs in the Adult Education Sector," a transnational study mapping AI literacy gaps among educators.
- **Best-Practice Guide** – "Guide to Responsible Use of AI in Adult Education," covering ethics, bias, data privacy, and the AI Act.
- **AI Training Course** – A structured programme with interactive learning resources for both facilitated and self-guided learning.
- **Online Platform** – Open access to all materials in five languages (EN, DE, FR, EL, ES).

KICK-OFF MEETING IN VIENNA

In November 2025, all six project partners came together in Vienna, Austria, for the official AI Act(ing) kick-off meeting, hosted by the project coordinator die Berater.

During this first transnational meeting, the consortium aligned on the project's goals, timeline, and methodology.

The meeting also set the foundation for the research phase (Work Package 2), which will map AI literacy challenges and training needs among adult educators across all six partner countries.

MEET THE PARTNERS

- **Die Berater** (Austria) – Coordinator
- **Syncnify** (France)
- **Research Innovation and Development Lab / ReadLab** (Greece)
- **Centro Tecnológico de Supercomputación de Galicia / CESGA** (Spain)
- **Future in Perspective Limited** (Ireland)
- **Headway Consulting Group** (Belgium)
